

NASTE Season 2013 – Race #10

February 16, 2013

Penguin Point, Hillsboro, Oregon

The tenth race of the season brought twenty racers to Hillsboro for a fun night of off-road racing. Or so we thought... As bad luck would have it after a week or so of setup and testing the track developed a severe power issue rendering it basically useless. As good luck would have it, a small group of volunteers made quick work of the off-road track removing it to once again reveal the underlying Penguin Point track while the others were feasting on pizza and sweets. And in an even more fortuitous development, Rico had brought some nice Professor Motor controllers so the racers wouldn't have to spend the evening complaining about mine. Things were looking up after all.

For the first set the ever-reliable Ninco McLarens were chosen. And they performed flawlessly racking up lap after lap, or lap after de-slot however you chose to proceed. On top of the heap in the first set was Rico just out-pointing Monte with Terry and Bryan tied for third. Afterward Rico could be heard exclaiming "haven't touched a slot car in a year" or something similar.

The second set was run using another fan favorite - the Fly Classics. These cars have also proved sturdy and reliable – a good asset for a NASTE race - though one did toss a wheel. It was quickly re-glued between heats and on we went. Taking honors in the second set was Monte. Tied for second place were Terry and Rico with Bryan and Dorothy in another tie just one more point behind.

We'd like to give a big NASTE salute to Victoria for some great pizza, Dorothy for her outstanding chocolates and all the rest that contributed to a fun and enjoyable night.

The Scrabble Report

The Scrabble season continues with three rounds played so far. Sometimes it's difficult to manage the game when the racing doesn't allow for it. But when it does, it's sometimes hard to pry them away from the game to go race.

There's still games to be played and it's still anyone's board.
