

NASTE Season 2019 – Race 2

January 19, 2019

Autodromo Rossa Colline, Newberg, Oregon

The NASTE Second Saturday Series for 2019 continued with a trip to Autodromo Rossa Colline – Stan Smith’s great track in Newburg.

The “Red Hills Raceway” is a routed, 4-lane track with plenty of turns to keep drivers on their toes as well as a nice straight to let the dogs loose. And let them loose we did! Yet despite our wildest intentions the smooth flow of the layout made for fewer offs and everyone seemed to find the rhythm of the track in short order.

Running Slot.It C-Class Lancia’s, drivers pushed to get every ounce of speed they could squeeze out of the trigger. After the first set of heats, Monte had a lead on the field with Tracy in second and Al close behind in third.

Time for a little bench racing and some driver refueling courtesy of Stan’s great Chili. We eventually resumed with the second set.

This time it was Tracy putting down the hot laps to take the win with Monte in second and Al just a tenth behind. But would it be enough to overtake the Smooth one?

Close but no cigar! When the final totals were announced, Monte had held onto first by less than half a lap over Tracy with Al claiming third. Victoria took the win in D2.

A special thanks to Stan for hosting and keeping us well fed and entertained. Next up, the February Race at Al’s track in Portland. It’s sure to be a fun night, make your plans to join us.

Here are the final results:
