

NASTE Season 2015 – Race #3

November 18, 2014

WFO Speedway, Portland, Oregon

The third race in the NASTE 2015 point series was held at Bryan & Sherry Trachsel's WFO Speedway. WFO is a very challenging but fast HO track. Bryan had prepared two sets of cars for the IROC style race, and the NASTE Full Monte race format was used for this race.

The NASTE Challenge racers were the first to hit the track. The racing was fast and close. Russell Flood drove consistently making very few mistakes, which resulted in wins for both NASTE Challenge rounds. Mitch Brooks and Victoria Saager posted second place finishes.

In the first round of racing for the expert group it became obvious Bryan and Terry were the guys to beat. When it comes to T-Jet style, pancake motored cars Bryan and Terry are always at the front of the pack! After the checkered flags Bryan had posted two wins, with Terry in second place for both rounds. A great big thanks goes out to Bryan and Sherry for hosting this race. It was a last minute call with little time for preparation. With that said, Bryan worked the bugs out of a new electronic timing and lap counting system and got the track and cars race ready. The race went off without a hitch, well except for those caused by the racers themselves!
