

NASTE Season 2019 – Race 4

March 16, 2019

Penguin Point, Hillsboro, Oregon

The NASTE Second Saturday Series for 2019 continued with a trip back to Hillsboro but this time it was analog racing on Monte and Victoria's Penguin Point track.

This is another track that most of us are familiar with having been the site of the Sunday series for many years. Less a track about speed, more about quick and handling. And not just handling the penguins.

The cars of the evening were Slot.It Can Am cars – a pair of Alfa 33/3's and a Chaparral 2E

Striking out like a man protecting some large birds from a predator, Monte stormed to an early lead. Jeff and Bill kept the heat on through the first set and after 9 minutes of racing action were tied for second.

During the cooking portion of the evening Monte was ably helped by Dorothy with pizza service as his regular helper was away. A big thanks to Dorothy. Everyone was to the better for it.

In the second set Bill put the finger to the trigger – among other things - to squeeze out a first place finish just three tenths of a ap ahead of Monte with Jeff holding third.

Next up, the April Race at Dorothy and Terry's hammer Time Speedway in Portland. It's sure to be a fun night with the HO cars so make your plans to come join us.
