

## NASTE Season 2013 – Race #7

January 5, 2013

WFO Speedway, Portland, Oregon

This past Saturday evening a fantastic group of eighteen NASTE Racers met at Bryan Trachsel's WFO Speedway in southeast Portland for some HO scale IROC racing.

For our enjoyment Bryan had prepared four Aurora Thunderjet 500 cars with AC Cobra bodies for this point series race. The first round of racing was very exciting as racers became familiar with the speed and handling of the T-Jet cars. But by the second round a few things became obvious.

First, the pizza, hot dogs, and snacks Bryan provided for us were most excellent, but VERY filling and Dorothy Abbott's excellent rum balls were not helping much. Second and most importantly there were new applicants applying for The Hammer title (which is probably appropriate as The Hammer seems to have moved into the full blown racer ranks).

Add to that the fact that Bryan's WFO HO track is tight, fast, and very challenging! Despite these obstacles most everyone improved their performance over the first round.

Taking top honors was our host, Bryan with Bill and Dave tied for second.

We raced two full rounds and there were no issues with the cars or the track, and the racing was concluded by 9:00 pm. It was a great night of racing! Thank you Bryan!

We'll look forward to seeing you at the next NASTE Race on Saturday, January 19 at Monte and Victoria's Jacquelin Park for the Digital Enduro.

<b>Race No. 7- WTG Speedway</b>	<b>Laps</b>	<b>Season Points</b>
Bryan Trachsel	83.9	20
Bill Bostic	81.3	19
Dave Smith	81.3	19
