# NASTE Season 2009 – Race #8
*February 28, 2009*
Jacquelin Park Speedway, Hillsboro, Oregon

February 28th will show in the record books as the day NASTE went Digital. Nine racers were on hand to give this new style of slot racing a go. And boy did we go.......off the track, over other cars, into the beautifully landscaped infield, etc., etc. But I was surprised at how well everyone started doing once we all had a little practice. Compared to the conventional type of slot car racing, this digital stuff seems to require a lot more strategy. One thing I learned early on was the "NASCAR" style of the "bump and run". OK, well maybe my version was more of a "BASH and run", but it did work when passing was a necessity, and a lane change was not an option!

As far as the racing went, at the end Bryan Trachsel came out on top. I swear this guy can win no matter what you're racing!

We all had a great time on Monte and Victoria's SCX Digital track. They have done a beautiful job of landscaping on their newest track! And as usual for a NASTE event at the Saager's, the treats, snacks, and pizza were excellent! Thank you guys for another fantastic time!

And a suggestion regarding digital racing.......I think you might want to move away from IROC races..............after another one your cars may end up Digi-totalled!
