

NASTE Season 2013 – Race #8
January 19, 2013
Jacquelin Park Speedway, Hillsboro, Oregon

This past Saturday evening thirteen brave souls came to the Jacquelin Park Speedway in Hillsboro for the annual NASTE Enduro.

Originally scheduled for three hours, we found that talk got in the way and by the time we finally got started we settled for three 45 minute heats.

The stallions of the evening would be three of SCX finest Ferrari's - two 360 Modeno's and an FXX. Once teams were announced and driving orders established the flag dropped and cars left the starting line for 135 solid minutes of exhilaration. As the night wore on drivers would battle for position both on and around the track.

Early in the first heat Team One's car developed some slow-ness causing them to fall quite a ways behind. After a little braid adjustment the car seemed to return to top performance. But by then the damage was done as Team One had fallen well over 20 laps behind. At the end of the heat Team Three held first with Team Two just a few laps behind.

In the second heat, Team One was unable to close the gap much still trailed by 24 laps while Team Two sped past Team Three to take an 8 lap lead heading into the final set.

In the final heat, Team One staged a desperate rally getting to within 10 laps of the lead at one point only to once again fall back. Team Three continued to close on Team two until the final few laps when they slipped by for the well-deserved win.

The final lap counts show Team Three with 789, Team Two with 788 and Team One with 770.

A special thanks to Victoria for the great Pizza. We were also blessed with Dorothy Abbott's excellent rum balls and other chocolate treats as well as many other items that were brought for a most "feastive" atmosphere.

Race No. 8 – Jacquelin Park Enduro	Total Laps	Season Points
