

NASTE Season 2014 – Race #8
December 21, 2013
Hammer Time Speedway, Portland, Oregon

The Hammer Time Speedway was host to the 8th round of the 2014 NASTE season with twenty racers coming to play. Our master of ceremonies Terry Abbott had set up two sets of HO cars for our racing pleasure, giant Detroit steel and old-school dirt track racers.

The first round introduced us to good ol' Detroit Steel and piloting the little cars around the track proved as tough as it was fun. In the first set of heats Russell Flood had the hot hand moving him into the main event just ahead of brother Thomas and Dorothy. And in the main event of the first set it was Flyin' Bryan Trachsel winning followed closely by home track favorite Terry with another HO stalwart, Dave Smith, taking a solid third.

For the second set Terry brought out some fantastic looking dirt-track racers. A little slower but a ton of fun. Taking top honors in the first set and earning a trip to the mains was everyone's favorite Hammer, Dorothy Abbott, with Tyler taking the second slot and Thomas third. In the main it was Dave Smith pushing his way through the crowd for first with Terry taking second and Flyin' Bryan all the way back in third.

In between we ate. And ate. And ate some more. The food was terrific!

A big NASTE thanks to Dorothy and Terry for sponsoring another evening of little car racing.
