

NASTE Season 2019 – Race 8

July 20, 2019

Allenbrook Speedway, Tigard, Oregon

Welcome to July and a new track! It's Mitch and Chris' Allenbrook Speedway located in Tigard featuring three lanes of routed fun and excitement.

Thirteen racers took to the track to give it a good running including a return by the Petrequin family. It's always good to see old friends - welcome back!

Since it's a new track there were a few growing pains but we pushed through with typical NASTE determination. A few PC reboots and we were cooking. Mitch set out two sets of cars and we gave them the running they deserved. Hard and fast.

Pushing hard in the first set, the mailman, Terry Abbott held a good lead over the field with Al Christensen and Monte Saager tied for second down two laps.

In the second set, out came the smoother running cars. And with the change lap totals picked up and things got a lot closer. Taking first in the second set was Dan Fritz with Monte in second and Al in third.

When the final tallies were done it was a three-way first place tie between Terry, Monte and Dan. And, there were a number of ties. Close racing once again.

Thanks to Mitch and Chris for hosting a fun night of racing. Next up, a trip to Al's track in Portland. It's sure to be an entertaining evening, we'll hope to see you there.

Here are the final results:
