

NASTE Season 2014 – Race #9

January 11, 2014

WFO Speedway, Portland, Oregon

WE ATE, WE RACED, WE CRASHED

A small group of drivers braved the blustery weather to do battle at Bryan and Sherry's in the 9th race of the season. With only four so-called "pros" in attendance, the Challenge field was packed for the first race. Bryan brought back the AC Cobras, this time with little drivers in them. Unfortunately they had no safety equipment and there were some quick decapitations. Cars were tumbling and heads were rolling. Jeff came out on top, earning the chance to wreck with the pros.

And wreck they did! The first corner in nearly every heat saw carnage and had drivers fuming and marshals scrambling. Flyin' Bryan showed everyone the fast way around the track to notch the win. Tracy gave him a good run but was just a little short in second and Terry rounded out the podium.

In the second round, Bryan brought out some vintage dirt track cars. More carnage, more wrecks, and even busier corner marshals. Tires were flying and temps were rising. Taking top honors in the Challenger race was Thomas, but that just meant he had to go play with the big boys.

Just like the earlier race, the "pros" were just as wild on the track as the amateurs. Bryan again put the hurt on everyone to claim 1st Place. Terry and Tracy swapped places on the podium claiming second and third.

It was a fun night with lots of great food, lots of laughter and a whole lot of wreckin' and racin'.
