

## NASTE Season 2009 – Race #2

January 9, 2010

Marshall Field, Beaverton, OR

The second NASTE race of the 2010 season was held Saturday, January 9 at the Stumman's Marshall Field Raceway in Beaverton. Marshall Field is an 80 ft. 4-lane Scalextric Sport track offering great racing for 1/32 scale cars.

A great group of nineteen racers showed up to race the cars of the night – SCX Nascars. We've run the SCX Nascars plenty in the past and once again they showed to be excellent runners providing close competition. These cars are not only hard to pass in the turns they can be tough to pass in a straight line. And they're all just about the same speed. This makes for some great racing.

And close it was with more than half the field within 5 laps of the leader! Just squeaking out the win with an outstanding first run was home-track favorite Randy Stumman. Following close behind were the dueling Bryan's – Trachsel and Henden.

We'd like to extend a huge thanks to Randy and Myrna Stumman for providing another great night of racing!
