

NASTE Season 2009 – Race #3

January 23, 2010

Brystal Barn, Canby, OR

The third NASTE race of the 2010 season was held Saturday, January 23 on the Kodiak track in the stunning Brystal Barn of Bryan Henden. The Kodiak is a high-speed HO track with continuous rail. A fabulous track in a great location – it was a treat!

A great group of twenty-one racers showed up to race the cars of the night – HO something-Jets. They had magnets and they were fast. Real fast - and amazingly sturdy considering the NASTE beating they took. In fact once a car did de-slot it was like a trip through pinball alley as other cars would hit it tossing it a good two feet into the air only to be smacked again by the next car by. Fast and very furious!

By the end of the evening it was clear that the HO Pro's had soundly whipped the Nabobs of NASTE with Dave Rothwell leading the way followed closely by Jim Mitchell and Andre Perra.

We'd like to extend a huge thanks to Byron Henden and Andre Perra for providing another great night of racing and the food was great too. I loved the meatball subs.
