

NASTE Season 2010 – Race #8

June 19, 2010

Hemi Heights Raceway Park, Portland, OR

The final NASTE race of the 2010 season was held Saturday, June 19 on the Hemi Heights Raceway at Jeff Courtney's in Portland. The Heights is a four lane, wood-routed track. Featuring a fast, flowing layout – the action is always intense!

A super group of fourteen racers showed up to race the cars of the night – 1:24 scale Flexi's in two different flavors. Jeff Courtney prepared eight cars for the final race which consisted of two sets of heat races. In each set of heat races the racers had an opportunity to race a different class of car.

In the first set of heats Flexi chassis type cars with 16D motors were raced. The heats were two minutes long, and these cars proved to be quite fast and challenging.

The second set of heats brought out the.... well, we'll just refer to them as "The Evil Ones". These cars were SO FAST it was a challenge just to keep them from launching off the track!

Point series points were awarded based on the racer's best finish in either set of heat races. At the end of the chaos it was Bryan Trachsel in the winners circle (in BOTH sets of heats). Thanks to Jeff Courtney for taking the time and effort to put together the eight cars we totally abused, and for putting on such a great race event! Jeff you are the HotDog Meister!

NASTE 2010 Point Series Champion

Congratulations to Bryan Trachsel on successfully defending his NASTE Championship title. Bryan scored two wins during the 2010 series to secure the number one spot for the second year in a row. Great job Bryan!
