

## NASTE Season 2010 – Race #2

November 20, 2010

Penguin Point Raceway, Hillsboro, Oregon

Penguin Point was the place to be for the second race in the 2011 NASTE series. Monte provided some great cars, Victoria provided some great food and Dorothy brought treats for a special taste-test.

We had 12 drivers who gave the cars and track a good workout. This was possibly the smoothest event I've attended as there was never any downtime for track or car repairs. The only casualty was the continuous battering of a little track marshal and the hay bales he was trying to hide behind.

After two rounds of racing, home track owners are now 2-for-2, as The Big Smooth finished on top. A few racers had 24 lap heats, but Monte was the only one to post 25 laps in one go. Flyin' Bryan was a close second and Dave Smith rounded out the podium. If those three had just skipped a heat, I'd be the winner!

The next race is at Randy's house in Beaverton. Will he make it 3-for-3 for track owners, or will someone break this vicious cycle? Only time will tell.
