

NASTE Season 2017 – Race 8

September 9, 2017

Hammer Time Speedway, Portland, Oregon

The NASTE Second Saturday Series returned to Portland on Saturday, September 9th at Hammer Time Speedway courtesy of Dorothy and Terry Abbott.

The 'Speedway' is a small, tight HO layout that though simple in design maintains a great amount of danger at most every turn. A clean run is a matter of skill with a pant full of luck thrown in for good measure.

With a large field of sixteen racers in attendance the battle began with some of Terry's dune buggies. Looked more like we should be driving to the beach with a surfboard than racing. But racing we were. Amid the collisions that gives the track the look of a parking lot everyone wants to exit. Taking the checkered flag amid the mayhem was our host, Terry, followed by Tracy Flood in second and Anthony Schoepflin in third.

For the second set Terry pulled out one of the crowd favorites, the dirt track racers. Great little cars that really look the part. They may be a little more predictable than the buggies but just as fun. The action on the track resembled a Chrysler festival as we dodged and we darted trying to stay out of trouble. And once again taking top honors was our host Terry, followed by Anthony in second with Monte Saager sneaking past Tracy into third.

At the table during, in between, and after we were treated to a fabulous spread of goodies courtesy of Dorothy. From things I didn't recognize to familiar favorites, it was all good.

Thanks Dorothy and Terry.

We'll see you at Al's for the final event of the season.

Here are the final results:
