

TONY'S HOBBIES ROAD RACE

Presented By

THE H.O. RACERS of OREGON

Aug. 17 & 18

RULES:

1. Cars must be H.O. scale, electric slot type, road race cars. Any make, brand, or model may be used. This is a "race what you bring" race in it's truest form!
2. Cars may run any body (Lexan or stock type injection molded in any body style).
3. Maximum overall car width is 1 3/8 inches. (This will be checked).
4. Cobalt or "Rare Earth" type magnets will NOT be allowed!
5. Traction compounds or additives (Goop) will NOT be allowed!

The TRACK:

The race will be run on the H.O.R.O. Promotional track. The track was built by, and is owned by the H.O. Racers of Oregon. The track table measures 4 feet by 8 feet, and was designed to be portable. The track itself is 4 lanes with a 23 foot lap length. The track uses a variable power supply for a power source. The controller stations are set up for alligator clips, and wired for brakes. Laps are recorded by a BSRT lap counter. This track was professionally constructed to insure the highest quality of racing!

The RACE:

A \$1.00 race entry fee must be paid to race. Each racer will race each of the tracks four lanes for two minutes. Four racers will race at a time, one racer on each lane. Turn marshalls will re-slot racer's cars after crashes. The race winner will receive a trophy.

WHAT YOU WILL NEED:

1. An H.O. scale slot car.
2. A controller.
3. \$1.00 entry fee.

* HORO members will be on hand to assist and answer any questions you may have. If you are new to H.O. slot racing, there will be cars and controllers available to be loaned for the race.

So give it a try and **HAVE FUN!!**
